

ABOUT US

OUR HISTORY

ZELLAG is a transnational Swiss family company, with more than 30 years in the market, in which it is a reference. We attribute our success to the entrepreneurial spirit, and to the reliability and commitment of our human team.

As a family company, we create value by fostering close and related professional relationships: with our employees, clients and suppliers.

GROUP COMPANIES

 **LIEBENZELL** LIEBENZELL AG is a family holding company based in Switzerland. Our core competencies are in the areas of crop science, pet food and public health, and fine chemistry.

 **ZELLAG** ZELLCHEMIE is our range of agrochemicals and farmers find solutions that help them achieve healthier and more profitable crops with products for the integral control of pests, healthier and respectful of people and the environment.

 **ZELLAG** We design and manufacture industrial additives. ZELL WAX Industrial Additives is our brand of industrial additives manufactured by ZELLAG SPAIN SLU (formerly LABIOZELL S.L.U.), for the PVC, Masterbatch, paint, ink, hotmelt, adhesive and plastic industries in general.

 **QIAOSHA** Nanjing Qiaosha Chemical Co, established in 2015 in Nanjing, China, is the Swiss subsidiary of Zellag, and a member of CCPIA (China Crop Protection Industry Association).

QUALITY CONTROLS | SWISS STANDARDS

ZELLAG maintains high quality control standards for its products aimed at Plant Health, Public Health and Fine Chemicals. Part of our success is related to our demand for the quality of our products.

We make sure that our product, using quality raw materials, maintains the characteristics that comply with the legal provisions of composition and health, as well as that the appearance of the product determines its acceptance by consumers.

Our procedures, analyzing samples from each manufacturing batch, we issue a report on the values obtained, which we store and maintain.

ZELLAG is a family business focused on the areas of Plant Health, Animal Health, Public Health and Fine Chemistry. We attribute our success to the entrepreneurial spirit, reliability and commitment of our human team.

As a family company, we create value by fostering close and related professional relationships with our employees, clients and suppliers.

We are a transnational company whose strength lies in the sum of ideas, and in the cultural diversity of a team that works simultaneously, to achieve common objectives of sustained growth. We serve the needs of our clients with personnel located in different countries. This allows us to provide a personalized service, close and adapted to the characteristics of each region of the planet.

OBJECTIVES

- Initiative
- Passion
